

B&F Ceramics Design Showroom now has the **Guardia Pro Surface Protection** in stock!

PRODUCT DESCRIPTION

Guardia Pro is the most balanced solution PET Fibre delivering strong multi layered protection, flexible usage and lower cost versus more expensive solutions that are heavier and least likely to be reused. Guardia Pro is a multi-layered, multi-use and reusable protection mat. Since it is quick to install, requires no tape to connect overlaps and is reusable, it saves you time and money. 100% recycled and pollutant free production, it is environmentally friendly and thermally disposable.

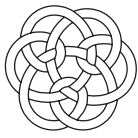

USES

- Guardia Pro is tear resistant, waterproof, breathable & flexible and has an anti-slip, self adhesive coating on the bottom that keeps it in place. The Pro version provides an extra layer of tensile for better absorbency and and tearing strength.
- Simply roll it out, overlap & bend it around corners, frames, baseboards and more.
- Use it on a variety of surfaces such as ceramic, natural stone, hardwood, stairs, counters, tables, furniture and much more!

guardiaPro

SURFACE PROTECTION

A multi-layered, multi-use and reusable protection mat for your job site.

USAGE & CARE INSTRUCTIONS

- Ensure you turn off floor heating before laying Guardia Pro.
- Clean the underlying surface for better adhesion and to maximize reusage adhesion.
- The product should be laid down with an overlap of 4 in / 10 cm.
- Keep ambient temperature between 50-86 F / 10-30 C and humidity at less than 60%.
- Protect against direct sun exposure for prolonged periods of time.
- Ensure surfaces to be protected are dry before applying this product.
- Do not use on surfaces that have been treated with any solvent-based products before they have been properly cured per the manufacturer's guidelines and no longer emit solvent vapor.
- Avoid placing heavy objects directly on the surface protection mat for prolonged periods of more than 24 hours.
- Taping down the start and end of the rolls is recommended.
- To ensure clean removal and possible resid-ual adhesive, this product should not be left on any unfinished surface for more than 60 consecutive days.
- If the use and care of the product and environment has changed or caused adhesion to the floor surface it can be cleaned using a kitchen cloth, a small amount of neutral PH soap and lukewarm water. Using the product outside of the recommended usage and care conditions will void warranty and liability.

EXTRA POWERFUL & FLEXIBLE PROTECTION

Guardia Pro is a tear resistant, waterproof, breathable, and flexible mat with an anti-slip self-adhesive coating on the bottom that keeps it in place. It has a special absorbent layer on top of the woven material so that liquids do not pool on top while still giving it breathability. This special layer also gives it extra tensile and tearing strength.

EASY MULTI USE MAT

Simply roll it out, overlap it and bend it around corners, frames, baseboards, and more and then you can focus on simply getting the job done.

SAVES TIME AND MONEY

Since it is quick to install, requires no tape to connect overlaps and is reusable, it saves you time and money.

WARNING

- Keep all flame and heat sources away from this product.
